

SACRED HEART PRIMARY SCHOOL, Tatura
Child Protection:
Failure to Disclose Policy
July 2018

At Sacred Heart Catholic Primary School we believe:

In building relationships based upon mutual respect, trust and care in an environment of justice, equality, compassion and hope where child safety is of paramount importance at all times.

Commitment to Child Safety

All students enrolled, and any child visiting, have a right to feel safe and be safe all of the time. The wellbeing of children in our care will always be our first priority and we have zero tolerance for child abuse. At Sacred Heart we strive to maintain a child safe and child friendly environment where children feel safe and are free to enjoy life to the full without any concern for their safety. We are committed to continually reviewing our Child Safe policies and practices to ensure that every effort is made for ongoing improvement of our Child Safe environment.

We at Sacred Heart recognise that some groups of children are particularly vulnerable and we are committed to promoting the cultural safety of Aboriginal/linguistically diverse children and also promoting the safety of children with a disability.

1.0 PREAMBLE

The dignity of the human person, who is created in the image and likeness of God, is the foundation of Catholic Social Teaching. This Catholic anthropology leads us to afford all people, but especially children, young people and the most vulnerable, the highest respect. Within this context, effective Catholic schools provide a safe, supportive and secure environment that promotes respect and care and values diversity. The mental, physical, spiritual and emotional wellbeing of children and young people are essential preconditions for successful learning. These qualities cannot be developed for individuals in isolation from the health and wellbeing of the school community as a whole.

Sacred Heart School, Tatura is committed to the creation of a safe, just and respectful environment that supports wellness for all members of the school community. In this, there is a moral obligation and shared responsibility to protect the most vulnerable members of the community.

Sacred Heart School, Tatura believes that, while protecting children and young people against sexual abuse is a community wide responsibility, schools have particular moral and legal responsibilities to ensure children and young people are safe in their care and to actively and intentionally work to eliminate all forms of abusive behaviours towards children. There are also particular moral and legal obligations for those in authority to prevent, reduce and minimise child abuse and exploitation in all forms.

2.0 PURPOSE

This policy applies to the whole school community in supporting safe environments for all children and young people.

The obligations of 'failure to disclose' are separate from, and in addition to, Mandatory Reporting obligations.

Its purpose concerns the new criminal offence under the Victorian Crimes Act, commencing 27 October 2014, 'failure to disclose, which provides that:

- a. **all adults** who form a reasonable belief that a sexual offence has been committed by an adult against a child under 16 has an obligation to report that information to police. Failure to disclose the information to police is a criminal offence.
- b. an adult will not be guilty of the offence if they have a **reasonable excuse** for not disclosing the information. A reasonable excuse includes:
 - fear for safety,
 - where the information has already been disclosed.

Note: It is a **reasonable excuse** to not disclose where a person believes on reasonable grounds that the information has already been disclosed to police and they have no further information to report; for example, where the person has already made a report under the mandatory reporting obligation specified in the *Children, Youth and Families Act 2005*.

This obligation requires teachers, doctors and other professionals to report concerns about child welfare to child protection authorities within the Department of Health and Human Services (DHHS).

Under the existing mandatory reporting system, DHHS already passes on all allegations of child sexual abuse to police, so it will be a reasonable excuse for not reporting to police if a person has made a report to DHHS or reasonably believes a report has been made to DHHS. This ensures that people are not required to make multiple reports to different agencies.

A person **does not have a reasonable excuse** for failing to disclose sexual abuse if they are only concerned for the perceived interests of the perpetrator or any organisation. 'Perceived interests' includes reputation, legal liability or financial status.

3.0 KEY PRINCIPLES

- A safe environment is required to protect children and young people from harm and to prevent staff from abusing their position of authority and trust.
- The child and young person's ongoing safety and wellbeing must be the primary focus of all decision making.
- School leaders and staff must be fully self-aware of, and comply with, their professional obligations and responsibilities.
- The commitment to protecting children is embedded in the organisation's culture and responsibility for taking action is understood and accepted at all levels of the organisation.

4.0 DEFINITIONS

Child and Young Person

For the purposes of this offence, a child is a person under the age of 16 years. A young person is any person who comes under or may come under the care, supervision or authority of the school.

Reasonable belief

A 'reasonable belief' is formed if a reasonable person in the same position would have formed the belief on the same grounds. A 'reasonable belief' is not the same as having proof.

Sexual abuse

Sexual abuse occurs when a person uses power or authority over a child to involve the child in sexual activity and the child's parent or caregiver has not protected the child. Physical force is sometimes involved. Child sexual abuse involves a wide range of sexual activity, including physical activity and/or exposure of the child to pornography.
